

AN-86

Package Closure Indicator Tape

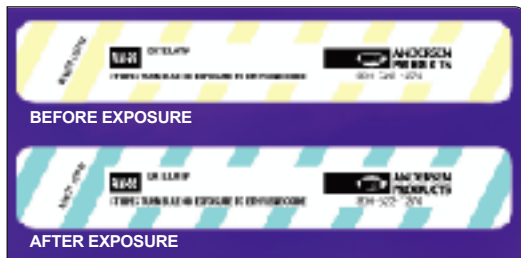

NEW!

Package Closure Indicator Tape

Yellow stripes will turn blue immediately after exposure to Ethylene Oxide, providing proof of exposure. Use the blank area in the middle to keep track of date and lot information.

Get visual assurance of gas exposure and seal your packages in one step! Stripes provide a strong color change, and confirmation of EtO exposure. Self-adhesive tapes adhere to conventional paper, CSR wrap, cloth wrapping or Andersen Seal and Peel®. For use with Anprolene® and EOGas™ systems only.

Call 1-800-524-3455

Actual size: 4 3/8" x 1/2"

Package Closure Indicator Tape AN86
